Available in Golden Peach and Honey Cinnamon, both have three natural shades which blend seamlessly and create a radiant, healthy glow. ## HERO HAIR

We asked Charlotte Howe, owner and stylist at Simply Hair what her go-to hair product is

"It would without a doubt have to be Matrix Total Results Colour Obsessed So Silver Shampoo. It's ideal for blondes who are in need of an at-home toning with a good purple shampoo. I swear by it. It's also great for use on holiday when the sun starts to change the colour of your hair." –

## BEST BEAUTY BUY

Make-up artist at Cambridge's Beauty Bar UK, Kelly Mackay tells us about her favourite new beauty buy

"My most recent new beauty buy has been alpha-h liquid gold glycolic toner. This formula accelerates the renewal and repair process of your skin, making it ideal for dehydrated or blemished skin and even those unwanted fine lines. It mimics the skin's elastin and collagen, whilst penetrating the pores to eradicate bacteria which can cause spots. The resurfacing action also diminishes acne scars and pigmentation making skin look more toned and radiant. I have been using this product for 3 weeks and have noticed a visible improvement in the clarity of my skin. I apply it three nights a week. Scars from blemishes have begun to fade, spots have vanished and my skin generally looks and feels fresher. It does leave my skin feeling a little dry but this is easily combatted with a good moisturiser." – **Kelly Mackay**
